

NEW CONFIDENCE IN STYLE

The S7 cannot be mistaken or unnoticed. It is a grand statement of confidence made more distinctive with eye catching new front and rear fascia headlights.

The most impressive feature of this model is its wide panoramic glass which makes driving easy and provides clear visibility especially made for people with short stature. While the front of S7 tends to have a sharper figure, her back on the other hand is more dominant. The S7's square aesthetic makes her look bigger.

PUTS YOU IN COMMAND

S7's performance puts you in command. An impressive 1.5L turbo engine accompanied with 8-speed automatic transmission with 220N.m/1800-4000rpm max torque. The S7 ensures you have better configuration, higher quality, larger space, smoother power-train and car service to meet your daily travel needs.
